## **ACKNOWLEDGEMENT**

*"In the Mighty Name of Allah, The Most Beneficent, The Most Merciful"*

First of all, I would like to thank to The Almighty and The Most Merciful Allah for giving me chances to complete the thesis at the given time.

I would like to thank my supervisor, Capt Noor Apandi bin Osnin for his guidance and encouragement during the completion of the project. Without his guidance and advices, it is very hard for me to complete the research. He gave me a lot of good advices and it encourages me to complete the research with the best possible efforts.

My deepest gratitude also goes to my parents for their support. They ease all my problems by giving inspirational advices that make me feel better whenever I was down. They both are my strength.

My special thank also goes to all my fellow friends, especially Andi Putra bin Abd Rahman to help me get the respondents of the Malaysian Maritime Academy. Also extended to the brother Arif bin Abdullah from the National Defence University of Malaysia.

## **ABSTRACT**

Discipline is systematic instruction given to students to train them as students, or any other activities that they are supposed to perform, or to follow a particular code of conduct or "order". Often, the phrase "discipline" carries a negative connotation. This is because enforcement of order. That is, ensuring instructions are often controlled by the sentence carried out. The purpose of discipline is to bring out uniformity in the work to achieve common goals and to understand each other by sharing a common goal. Methodology will consist firstly by analyzing published sources and unpublished as a guide to the commanding officer of management behavior and maintain discipline among the cadets, military courtesy and discipline and journals have been associated with this case study. Survey question will consist of four parts which will help in the evaluation of the knowledge level of discipline among seamen, government agencies and maritime students and will also help to rate the importance of participation in discipline awareness of discipline, proper discipline, the purpose of discipline, principles of effective discipline and characteristics of the discipline. address based on observation of their workplace or place of study on the quality of the practice of the discipline, the ability of the following order, punctuality and wearing formal clothes or uniforms when going to work or class .

## **ABSTRAK**

Disiplin adalah arahan sistematik yang diberikan kepada pelajar untuk melatih mereka, atau apa-apa aktiviti yang sepatutnya mereka lakukan, ataupun bagi melatih mereka menurut "perintah". Selalunya, frasa "disiplin" membawa konotasi negatif. Ini adalah kerana penguatkuasaan perintah. Iaitu, memastikan arahan dijalankan sering dikawal melalui hukuman. Tujuan Disiplin adalah untuk menunjukkan keseragaman dalam kerjasama bagi mencapai matlamat yang sama serta untuk memahami antara satu sama lain melalui perkongsian matlamat yang sama. Metodologi kajian ini, menganalisis sumber yang diterbitkan dan tidak diterbitkan seperti panduan pegawai pemerintah kepada pengurusan terhadap tingkah laku dan juga mengekalkan disiplin di kalangan kadet, tentera dan disiplin dan jurnal yang telah dikaitkan dengan kajian kes ini. Soal Selidik terdiri daripada empat bahagian yang akan membantu dalam penilaian tahap pengetahuan disiplin di kalangan pelaut, agensi kerajaan dan pelajar maritim dan juga membantu menganalisis kadar kesedaran terhadap pentingnya nilai disiplin, disiplin yang betul, maksud disiplin, prinsip disiplin yang berkesan dan ciri-ciri orang yang berdisiplin. Kajian ini berkisarkan pemerhatian di tempat kerja mereka atau tempat kajian mengenai amalan disiplin, keupayaan mengikut arahan, menepati masa dan memakai pakaian rasmi atau pakaian seragam apabila pergi ke tempat kerja atau kelas.
